The meeting was called to order at 7:02 p.m. by Erinn Grube.

WILLOW/LOCUST/LYNDALE STORMWATER STUDY UPDATE

Ms. Hejna and Mr. Denson from CT Consultants shared a presentation on the updates they have with the stormwater study they are conducting. The CT Consultants team shared a number of proposed solutions to help with the stormwater problem in the Willow/Locust/Lyndale area. Some of the solutions include enhancing the wetland storage capacity, increasing storage at the existing pond, upsizing pipes, adding rain gardens, and creating vegetative streams.

Comments were heard from the residents and questions were answered.

The meeting adjourned at 8:46 p.m.
